

2 degrees, 2 universities, 2 continents!

A truly international experience.

SRH Heidelberg Business School offers the opportunity of an International **Business Double Degree** with our partner university in Korea, Kookmin University. This provides you with 2 internationally recognised degrees from 2 different continents, Europe and Asia. The combination of experiences from 2 cultures will help develop social, intercultural and communication skills, promote a global outlook and enhance your employability prospects.

Students will graduate from SRH Heidelberg with a **(B.A.) International Business plus (B.B.A.) Business Administration** from Kookmin University.

Duration of the program:

Duration of Double Degree Program is 3 years and 10 months (instead of 3 years for a single SRH degree). Students start their degree in Germany before moving to Korea for a period of 22 months. An additional internship and thesis will be required, which can be completed anywhere in the world.

Think big - 2 undergraduate degrees, from 2 continents in less than 4 years.
